

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The instant invention claims a method for preparing an injectable microparticle composition comprising specific steps. The closest prior art references that relate to the claimed invention are USP 5,192,741, WO 92/19226, WO 94/07469 and Tabata et al article. The closest prior art teaches that it is known in the art to use methods for preparing injectable systems comprising particles. However, the prior art does not teach or fairly suggest the instant invention wherein the specific steps are claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to leszek b. kiliman whose telephone number is 571-272-1509. The examiner can normally be reached on M-T, 6.30-5.00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, callie shosho can be reached on 571-272-1123. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
